Transition Age Community Treatment (TACT)

People Incorporated’s Transition Age Community Treatment (TACT) program provides community-based mental health services to adolescents and young adults (aged 15-23 years) who are struggling with functioning at home, school or in the community due to a serious mental health diagnosis. This program was previously called, Youth Assertive Community Treatment (Youth ACT). We are now providing the same level of integrated intensive service under the Certified Community Behavioral Health Clinic (CCBHC).

What is TACT?

TACT provides multiple community-based mental health services delivered by a single team of caregivers, promising a coordinated approach to improving mental health and decreasing hospitalization and incarceration for transition age youth. TACT is an integrated community model, much like a mobile mental health clinic, offering wraparound care for all areas of functional needs.

Who We Serve

- Individuals aged 15-23 who are struggling with functioning at home, school, work, or in the community due to a serious mental health diagnosis.
- Families of youth being served by the People Incorporated TACT Team.
- People in the community who have Medical Assistance or a Prepaid Medical Assistance Program (PMAP).
Our Services

Crisis Intervention
Psychiatric Rehabilitation Skill Building
 Therapists specialized in Trauma Therapy
 Licensed Alcohol and Drug Counseling

Community Collaboration
› School, work, legal, etc.

Special services and supports for the LGBTQ community

Medication Management
› Psychiatry
› Nursing

Accessing Community Resources
Case Management
Peer Support
Vocational Support

Referral Process
Call Central Access 651.774.0011 to complete a brief eligibility screening. If deemed potentially eligible, an in-person interview will be scheduled.

› Please note – Individuals with a primary diagnosis of Substance Use Disorder, Intellectual Developmental Disabilities, Borderline Personality Disorder, Antisocial Personality Disorder, Traumatic Brain Injury, or an Autism Spectrum Disorder are not eligible for TACT.

› It is important for clients to be a participant in their treatment. If they do not show any interest in support on any level – the TACT program is unable to assist at this time.

› For client-specific questions or questions about our program change – please call 612.230.0737 to speak with a licensed program manager.
